/admin/structure/taxonomy/add

- **Violation against WCAG2.0: 1.3.1**
- Common Failure or missing technique: F43: Failure of Success Criterion 1.3.1 due to using structural markup in a way that does not represent relationships in the content
- Redesigned through the technique: Nest headings properly (H1 > H2 > H3)
- Comment string in the source: F43 Error WCAG v2.0 1.3.1

/admin/structure/taxonomy/add

- **Violation against WCAG2.0: 1.3.1**
- Common Failure or missing technique: G140: Separating information and structure from presentation to enable different presentations
- Redesigned through the technique: Using strong tags instead of small tags
- Comment string in the source: G140 Problem WCAG v2.0 1.3.1

/admin/structure/taxonomy/add

- 20 W607 The 'content' attribute should have a value of 'application/xhtml+xml' for XHTML: <meta http-equiv="Content-Type" content="text/html; charset=utf-8" />
- 51 E883 [WCAG v2 1.3.1 (A)] Nest headings properly (H1 > H2 > H3): <h2 class="element-invisible">
- 74 E883 [WCAG v2 1.3.1 (A)] Nest headings properly (H1 > H2 > H3): <h2 class="element-invisible">
- 89 E892 [WCAG v2 1.3.1 (A)] Use CSS for presentation effects, use or for emphasis: <small id="edit-name-suffix">
- 89 E014 Found '&' within content without a terminating ';':
